1. This is not the beginning of the end nor is it the beginning of the beginning. For you have begun and made great strides in Me. You have entered Me and are maturing and now you are beginning something new; a new place, a wide place, a broad place, a broad spectrum that you are bringing My people into, from far and wide.

2. You are not afraid of Me and you love Me, you love Me, you love Me.

3. Knowing My form and fashion and that I am so much unlike you and yet, you have learned you are exactly like Me. You are so much like Me that you now know you are Me, and you are not afraid of Me; knowing that, knowing Me, you are not afraid of Me.

4. And you have come into My presence and sought Me and you seek My counsel, you seek My wisdom; you love My delicacies and you value My words above breath; and you trust Me with every thing and every person you love and hold dear and you respect Me and you honor Me.

5. And you have loved My body more; every time I have asked you to love My body more, you have.

6. You have come unto Me and you seek Me and you praise Me and you honor Me and you love Me and you lay yourself before Me and yea, you withhold not yourself from Me and you let Me speak when I want to speak and you grab the recorder and you take your tablets everywhere; and you write and you write and you speak and you listen and you are not afraid, and I say thank you. I say thank you.

7. And now I enter a new place in you, for you enter a new place in Me, and take we do many, many who are not afraid; **many who will say, "I have waited, I have been born for this day, this hour, this moment."** And I come into you now, I come into you unafraid, I come into you fearless, I come into you with the courage of the Most High. I come and I call and I conquer the fear, doubt, the disbelief, the unbelief, yea, the criticism, the cynicism; the cynastic spirit that yea, that would seek to destroy, delay and divert My beauties, yea, and My royalty; the delicacy of My truth coming through in the tinsel strength of only Me, that nothing can withstand. Yea, I love you.

8. The mortification process takes place of only Me where I take My people, yea through the fire and brimstone, not, but yea, through the knowledge of Me in holiness, righteousness and judgment, and yea, knowing the integrity of My

word, My voice, My blood/theirs, yea, their blood/Mine. Yea, is there any difference? No, there is not. None.

9. I love you and I take you into a new place. For leadership you are and leadership you lead and yea, you are not afraid of broadcasting My words no matter what they say; who or what they condemn or what they confiscate or what you think they may do or not do. But yea, you know My gentleness, you know My values, you know My heart and **you have laid before the Father and become Father** and father of many you now are; and the Promise you receive for knowing the Promise, you have become the Promise and Promise now you reveal to so many in such great joy, ecstasy, euphoria, yea, of My presence and My pleasure in/upon and among you; yea, passing you around to My people, letting them eat of your body and your blood, yea, which is Mine, which is theirs, and they will know and understand when they know and understand. I love you.

10. I give you years many and your tears I show to all now, for you are not afraid of your tears before leaders, before governments, the national armies, yea, you stand before tanks and artillery you know nothing of yet, but yea, you do and you walk through them, for nothing exists but Me, in reality. I love you. Core central you are, I am, and I give you Me; radio waves, television waves, yea, microwaves and macrowaves I give you and I make and we do now through My body and reverberations are felt forever.

11. And I love you, not-afraid. I love you washing My feet with your tears and I love you for lifting My body and My royalty who have been shut out, shut down, and shut back in corners in back rooms; My youth, My elderly, yea, My energetic, My leaders, My followers, those who know there's more.

12. You raise My body in elevation of only Me and I say thank you and I give you praise and honor and glory. I lay before you for you lay before Me and we withhold nothing from each other. And yea, the world knows a man of My voice and I thank you.

13. **You lay every criticism and every compliment at My feet** and I say thank you. I thank you, for you live for My praise, My adoration, My lover of One; for you one, are one, and one'ing My body in One-ship, Me-ship adored, yea, the dream of My heart from the beginning, before; was there one? I love you. I give you Me.

14. Now see all come into play, not, but come into force, full of Me and yea, present is/are in what I am and all I have said, is. And yea, My word/words are true and everlasting.

15. **Thank you for knowing you are My word, bread of heaven, flesh and blood of Me and taking that message so that My flesh and blood will know they are My flesh and blood and not dust and not fleshed of their mirrored flesh, but flesh of My flesh and bone of My bone, yea, heart and spirit of My life and values, yea, the I Am, they are.**

16. I give you praise and I elevate you this day. All that I said I am is true, you are. You lift every race, every color, every socio-economic status, every toothless guttered fool-thought by societies' inferior standards which relegate My royalty to nothingness by elevated-mammon. Yea I exalt you for, and I say thank you.

17. I give you Me this day in fashion and the form of wholly new. Yea, see, be refreshed; anointed you are, My lovely. Yea, beautifying My Bride now in planes of only Me. Yea, you understanding all plane-ometry. I give you all. I give you Me.

18. My school arises with the best of them, not, but yea, in/for an audience of one. And yea, I bring My body from far and wide to anoint each other and lift each other in the love for My disciples, for My body, all, of every nation, tribe and tongue, who will lift elevate and speak and be Me; living word, living stones, My living heart.

19. I love you and I give you Me. I give you stance, purpose and supply, and plane of only Me. I love you.
Good day.

Thank you for grabbing your recorder and never being without it. Amen.
